

Baker Clause Policy Statement

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer.

This complies with the legal obligations under Section 42B of the Education act 1997 (the 'Baker Clause').

Pupil entitlement

All pupils in years 8-13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.

In March of each year, we welcome a variety of Technical Qualification providers and firms offering different Apprenticeships into school at our annual Careers & Future Pathways day. All year groups have the opportunity to speak to a wide variety of providers about vocational qualifications and apprenticeships. Sixth Form students can also benefit from a workshop which is run by a representative of the ASK Programme (Amazing Apprenticeships). On a half-termly basis, students in all year groups are able to interact with a business leader during an extended tutorial period.

Management of Provider Access requests

Any provider who wishes to request access to the school should email: careers@st-ambrosecollege.org.uk.
