

# Saint Ambrose College

## Sixth Form Weekly Newsletter

Friday 1 May 2026 - 30

Dear Parents & Carers,

It's such an emotional time when our young men are about to leave us. However, today we celebrated the change of the old order to the new order.

Our present Head Boy Tobi A adorned our new Head Boy Liam O'B with his 'Blue Blazer'. The Principal and I had the privilege of interviewing eight boys for this accolade. It was a truly wonderful day when we interviewed the boys and we struggled with the decision as all our potential candidates displayed such amazing attributes.

Congratulations to Liam. I am so excited to work with him over the next academic year as we celebrate St Ambrose's 80th Birthday.

We will announce the other 'Blue Blazers' and the extended members of the leadership team in next week's newsletter. However, the main accolade will be describing our wonderful Year 13 as they leave us and we celebrate their time in the final mass at Holy Angels. I do hope that our Year 13 parents and carers can join us. The service begins at 11am on Thursday 7th May.

My own son finished his schooling at The Kings School Macclesfield today which was very emotional and I empathise with my fellow parents as we send our boys into the future.

Chiozie M has organised his last charitable event that will take place next Tuesday which will be a staff versus pupils basketball match. All proceeds will go to St Ambrose in Sierra Leone. Our sincerest thanks to Chiozie who as Rugby Captain and a 'Blue Jacket' has been a tireless servant of the College.

Miss Widolf delivered our last combined Sixth Form Assembly highlighting next stages for the Year 13 as they prepare to leave. Next week our assembly before the Mass will focus upon 'fun' and awards. We have sent parent communications regarding student finance and final University choices.

Our wonderful Chemists celebrated their achievements as they received their awards. They came in the top 20 out of over 1000 schools in the elite Cambridge Chemistry trial. Luca P was highlighted by Cambridge University as one of the highest placed individuals. This highlights the exceptional teaching that our boys receive within the Science Faculty. Our thanks to Mr Elwell and his dedicated team for their endeavours for our boys.

We wish our Wilmslow Wolves Rugby boys every success in Sunday's Nations Colts Final. The two boys playing in this final are Gabriel McG and Joseph E. I shall look forward to watching on Sunday.

I wish you and your family a lovely Bank Holiday weekend.

Kind regards

*Stephen Brady*

Assistant Principal / Director of Sixth Form
